The One & Only Mac Tablet

The Modbook, Newly Updated for 2009!

- Uses state-of-the-art Wacom® Penabled® digitizer
- Full Bluetooth® connectivity: Pair a keyboard or mouse just as you would on your MacBook®.
- Enhanced GPS capability
- Autodesk® SketchBook® Express 2009, an industry leading sketching and drawing application, is now exclusively available on the Modbook as part of its standard software package.
- Built with a new Apple® MacBook® computer
OR
- Built with your existing MacBook®

Better pen tablet performance:

Specially designed internal Mu-metal® shielding, in addition to existing shielding, boosts pen tablet responsiveness by greatly decreasing the potential for interference from electronic noise sources.

modservice™

A new kind of service that
lets you turn one cool product
into another

Convert your existing Apple MacBook into an Axiotron Modbook!

The Modbook you purchase through Axiotron Modservice has the same functionality and specs of any other Modbook: Sturdy magnesium top shell. Axiotron ForceGlass™ screen. Industry-leading Penabled® digitizer technology from Wacom®. 512 pen pressure sensitivity levels (more than any tablet PC). Handwriting recognition. GPS module. All in a tablet computer running Mac OS® X. You'll be able to draw, paint, sketch and write on your own Modbook — the world's only tablet Mac.

How does Axiotron Modservice work?

It's simple: Contact us to place your Modservice order. (You will be asked for your MacBook serial number when you place your order. (Details on our website under Modservice)

Which Apple MacBooks can be converted?

You can convert most non-aluminum Apple MacBook computers into an Axiotron Modbook.

Autodesk® SketchBook® Express 2009

Now available exclusively on the Axiotron Modbook!

Designed for pen-based interaction, SketchBook Express is a perfect fit for the Modbook's nimble and highly sensitive pen input system. And it's the ideal tool for new users, who can start sketching in seconds and become productive in minutes.

A full version of SketchBook Express comes pre-installed on every Modbook at no additional charge, including Modbooks built through Axiotron Modservice. With SketchBook Express, the one and only tablet Mac® becomes the ultimate mobile digital sketchbook.

A studio in your hands

For artists who revel in the simplicity of a sketchpad, but live in the digital world. The Modbook and SketchBook Express are a complete drawing package. No distractions – let the world fade into the background as you shape your newest creation.

Conquer your digital life

Our digital lives can be hectic. With the Modbook and SketchBook Express you can focus more clearly on your art. You won't spend a lot of time memorizing shortcuts or filter combinations. Just pick up the digitizer pen and draw. It's as simple as pencil and paper.

For drawing, period

SketchBook Express is not a photo editor. No massive filter packages, effects and plug-ins. No endless documentation and secret shortcuts to complicated techniques. SketchBook Express lets you get your work out onto a digital tablet, and be done.

modcare™ Standard
First Year, Peace of Mind.

1 Year Manufacturer Warranty

Transforming your Apple MacBook or MacBook Pro into an Axiotron Modbook or Modbook Pro respectively, will void the original Apple warranty.

Instead, all Axiotron Modbook and Modbook Pro solutions come complete with an Axiotron one (1) year limited manufacturer warranty covering:

- the Axiotron Modbook (Pro) conversion kit, parts and labor for one full year from the date of the Modbook (Pro) or Modservice original purchase, and
- the modified Apple MacBook (Pro), parts and labor, while under the original Apple factory or Apple extended warranty, for up to a maximum of one full year from the date of the Modbook (Pro) or Modservice purchase.

Modcare provides carry-in or mail-in repair coverage worldwide** through Axiotron's network of Authorized Service Providers.

modcare™ Extension
Three Years, Top-to-Bottom.

2 Year Extended Warranty

In addition to extending Axiotron's one (1) year limited manufacturer warranty to a full three (3) years, the Modcare 2 Year Extended Warranty also provides complete peace of mind, for the complete solution, independent of the Apple base system's original warranty situation - simply three years, top-to-bottom.

Purchased together* with the Modbook (Pro) or Modservice, the Two (2) Year Extended Warranty covers:

- the Axiotron Modbook (Pro), parts and labor for three full years from the date of the Modbook (Pro) or Modservice original purchase, and
- the modified Apple MacBook (Pro), parts and labor, for three full years from the date of the original Modbook (Pro) or Modservice purchase.

Modcare provides carry-in or mail-in repair coverage worldwide** through Axiotron's network of Authorized Service Providers.

* Modcare 2 Year Extended Warranty must be purchased together with its respective Modbook (Pro) or Modservice.

** Worldwide Modcare coverage is restricted to countries with Axiotron Authorized Service Provider locations. The specific availability of carry-in or mail-in repair service options depends on the country in which service is requested, and location of Axiotron Authorized Service Provider. Axiotron may also request that the enduser replace components with readily installable parts. For a complete list of covered countries and Authorized Service Provider locations visit www.axiotron.com/index.php?id=locatedealers
